

BIOGRAPHY

LIANG HAO

Liang Hao (b. 1988, Guangdong Province) currently lives and works in Beijing. He graduated from the Painting Department of the Academy of Arts and Design at Tsinghua University, Beijing, in 2012. His practice focuses on painting while extending to other media. He is interested in the dynamics between the hand, gaze and mind, reconsidering the technicality of the hand and the affects that flow through it by constructing illusions of technical production and making references to images in art history or texts.

His recent solo exhibitions include: Doubled Bifurcation (He Art Museum, Guangdong 2023); Gesture and Speech (BANK/MABSOCIETY, Shanghai, 2023); Present, Again (Line Gallery, Beijing, 2022); Unfolding into the Expanse (10 Chancery Lane Gallery, Hong Kong, 2020); A Kind of Gaze (Line Gallery, Shanghai, 2019); Image and Hunting Ground (Line Gallery, Beijing, 2017). His work has been exhibited in worldwide institutions that include: Art OMI, New York; Daechumoo Fine Art, Korea; ASE Foundation, Shanghai; He Art Museum, Guangdong; MinSheng Art Museum, Shanghai; Today Art Museum, Beijing; Offshore Project Space, Iceland; CAFA Art Museum, Beijing. His past artist residencies include: Art OMI International Artist Residency (New York, 2016); Island Iceland Offshore Project (Seydisfjordur, 2015). His award nominations include: John Moores Painting Prize (2018,2016).
